

Accessing Your Vision Care Discount

EyeMed makes it as easy as 1-2-3 to protect your family's vision wellness.

- 1. Locate a provider** at www.eyemedvisioncare.com. To view providers specific to your network, select Member, then Login/Register. Choose the discount plan name as it appears on your card to locate providers who service your plan.
- 2. Schedule an appointment** with a simple phone call. Or stop by one of the many providers who offer walk-in appointments. Most providers offer evening and weekend hours to fit anyone's schedule.
- 3. Present your ID card** when you arrive so the provider knows you have an EyeMed discount.

Focused on Vision Wellness

EyeMed's quality vision care program is important to every member of your family. Regular eye exams not only help correct vision problems; comprehensive eye exams can also reveal the warning signs of more serious undiagnosed health problems such as hypertension, cardiovascular disease and diabetes. No matter what the age, eye exams are important to health.

Don't forget, sun protection is also an important part of your overall health. Talk to your provider about how you can apply your discount towards the purchase of prescription or non-prescription sunglasses.

Unlimited Savings

Your EyeMed discount can be used as often as you like throughout the year and allows you to save on nearly all your vision care purchases.

Contact Lens by Mail

You can also save money by ordering replacement contact lenses at competitive prices through www.eyemedcontacts.com. They will be delivered directly to your home. Your contact lens discounts do not apply to this service.
